[REAL] LIFE PROOF

Most of us don't go hiking, surfing or skydiving every week-end, so the concept of Lifeproof cases for extreme sports is a bit out of target. For most of us, the drop in the toilet, the beer split, the phone forgotten in the pocket during laundry day is the real challenge. We built the best case for that.

The outer reinforced shell is in Polycarbonate and can absorb even more shocks. The Rugged Case is a North America best seller, and its success is catching up in Europe and East Asia.
